C. OF C. TO STAGE ANNUAL LINDO LAKE PARK MEETING

S. B. FRAMBO SUFFERS LOSS OF RANCH

Fires have been raging for three days in the Lakeside district sweeping over more than 2000 acres according to the Forestry officials. The first fire broke out Tuesday along the El Monte road endangering homes and ranches.

A personal report early yesterday morning by S. B. Frambo stating the amount of damage he suffered indicated that the fire had been out of control at several places. Frambo was located on the old Nelson place of 120 acres. He lost his house, barn, chicken equipment, cow, pig, and windmill. His car was saved however. He estimates his loss at approximately \$2,500 and carried no insurance.

The blaze broke out in brush and grass west of the El Monte park above the C. C. Cole ranch on the north bank of the San Diego river and leaped the riverbed in several places. It raced through rough country in a northeasterly direction. Eye witnesses exclaimed that the flames leaped 25 ft. into the air. The fire traveled so rapidly over the country it took only twenty minutes for it to burn 2000 ft. of brush from the bottom of the river to the top of the mountain at the speed of the wind at 100 m.p.h.

It was reported at the Lakeside Grange and Home-coming that 50 hives and 1000 lbs. of bees. The family property was burned also many acres of pasture land. Their saddle horse which has just recovered from the fire.

DEFENSE FUND AIDED BY LOCAL THEATRE MAN

Lakeside Civilian Defense Fund organization has arranged through the splendid cooperation of Fred Eull, of the Lakeside Theatre, to raise its quota for the protection of this area by the showing of "My Favorite Blond" starring Bob Hope and Madeline Carroll. Wednesday evening July 22. All the proceeds from the matinee and two complete evening shows will be used by the Defense Fund.

Fred Eull has secured this top billing including a musical, cartoon and Trees and Homes, an educational picture in technicolor. He is donating the motion picture house and the films. Employees of the theatre, operators Randall Risher and Don Allen with Bobby Hallberg and Mr. Eull are giving their time for the benefit of the fund.

Head of the committee Mrs. Hale Whitaker has been busy with the sales of tickets. At the rate the tickets are being sold the three shows promise to fill the house to capacity.

The matinee showing begins at 2 p.m. and the evening shows are the regular scheduled hours of the theatre. Each presentation will be a full two hours of entertainment.

Make plans early to attend this fine performance and help to support YOUR Defense Fund. The show will be at the Lakeside theatre one day only.

A Story of War—And War Bonds

This new color poster, which soon will be used in all parts of the country to promote the sale of War Bonds and Stamps, is one of four recently created to emphasize new themes in the War Bond sales campaign.

U. S. Treasury Dept.

Lakeside Grange To Have Open Meeting

At regular meeting, July 1, Mrs. Dr. L. P. Bliss was taken into membership. During the lecture hour two newly married couples, Mr. and Mrs. Joe Brown, Mr. and Mrs. L. P. Bliss and a bride to be, Miss Dorothy Wolin were honored with songs, games and gifts.

Instead of the regular "open" meeting, a picnic to which the general public is invited, will be held July 15 at 7 o'clock, p. m. in Lindo Park, Lakeside. Bring lunch and own table service.

Dairymen Will Meet At San Pasqual

San Diego County dairymen will celebrate Dairy Day this year on July 15th at the H. G. Fenton Ranch, San Pasqual, stated Hugh Good, Santee, dairy department chairman. The meeting will start at 10 a. m. and adjourn at 2 p. m. Good continued. All dairymen and their families are invited to come and bring their own basket lunches.

N. P. Ralston of the College of Agriculture at Davis will be present to talk on "New Facts about Milk Secretion as they Apply to Dairy Herd Management", according to F. W. Dorman, assistant farm advisor. Mr. Ralston is associated with the University of California and is well qualified to discuss this important subject, Dorman stated.

NEW TOMATO PRODUCTION BOOKLET READY

Jean C. Miller, assistant farm advisor, announces the publication by the University of California of a new bulletin on tomato production. Those desiring this bulletin should contact the farm advisor's office, room 404, U. S. Custom Bldg., Miller stated.

WILL PRESENT INCENDIARY BOMB SHOW

Probably the last opportunity to see an incendiary Bomb Demonstration for the residents of Lakeside, Bostonia and Santee, will be Tuesday evening, July 14, at the Lakeside Grammar School.

Mr. William Yount of the State Defense Council has prepared the program, which will include the showing of a picture filmed during an actual bombing, "London Ablaze".

The program is both instructive and interesting, and we owe it to our neighbors as well as ourselves to be prepared against the paralysis of not knowing what to do in such an eventuality.

England learned how the hard way. Profit by her lesson and be prepared. Remember, the time, place and date.

County Conference Called For Federation Of Women's Clubs

County Federation of Women's Clubs has been called for a one day summer conference and executive board meeting by the county president, Mrs. Edward Dwyer. The Hotel San Diego sun room will be used for the get-together held on July 15, beginning at 10 a. m. This will probably prove to be a precedent setting meeting as it is the first gathering held after recess for this body, and is a demonstration of the sincerity of these active club women.

Mrs. Dwyer's call said: "Realizing the need of united effort in many directions and feeling that every member wishes to have the County Federation of Women's clubs function creditably with other groups, this 'family meeting' is called that we may be ready for whatever demands are made upon us. There is no doubt about our being called on to support war or relief projects."

CROWD THRILLS AT WORLD FAMOUS RIDERS

"That Rodeo topped them all", stated George Daley, President of the San Diego County Rodeo Association, as the Fourth of July show of Cowboys and Cowgirls—fancy roping and thoroughbred horse racing—steer wrestling and bull riding drew to a close. His words were reaffirmed by the thousands of spectators as they poured from the stands, World famous performers displayed to the crowds the greatest Rodeo Lakeside has ever staged. Tom LaMadrid, manager, has received many phone calls, letters and cards attesting to this fact. Neil Nettleship of San Diego writes:

"My wife and I attended the rodeo at Lakeside Sunday and I certainly want to compliment your association for the very splendid manner in which the whole thing was conducted."

Mr. Nettleship continues his praise of the rodeo by stating the prompt and efficient way the events were handled. He commends the association for the progress they have made since the first rodeo at which he was one of the spectators.

Featured among the many outstanding riders was Sam Garrett, who is the only cowboy ever to win the World's Championship title in Fancy Roping seven times at the famous Cheyenne Frontier.

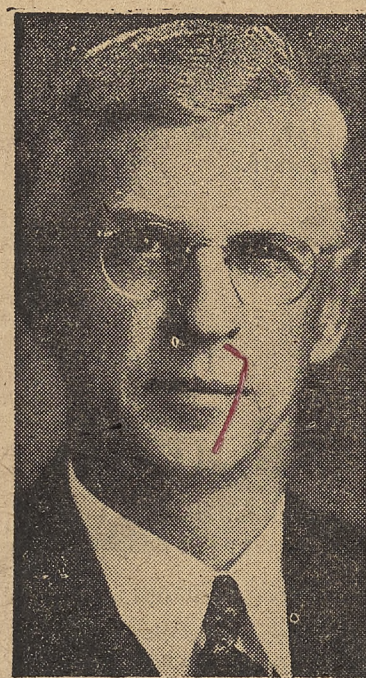

Offering the largest prize list in history of its wild west shows, the Lakeside Rodeo attracted some of the nation's foremost cowboy performers. Seven world champions in various divisions were in the spotlight. Purses totaling \$3500 were awarded.

Boy Scouts Attend Summer Camp

Six boys of the Lakeside Troop 45 left Sunday for a scouting vacation at the Boy Scout summer Camp Haul-Cu-Cush at Cuyamaca Lake. After waiting several hours for the intended bus to arrive, Mr. and Mrs. M. C. Woodward and Scout master E. E. Nelson drove the boys to their destination. Nelson planned to accompany the boys on the bus.

Scouting and camping activities are scheduled for the troops. The Lakeside boys who attend were Jimmy Woodward, Don and Jerry Nelson, Bobby Condon and Lauren Anderson.

CROWELL D. EDDY

In compliance with the long established custom where-by a candidate for reelection to a county office makes his announcement, I am calling your readers attention to my record as County Assessor for the last six years.

I was first appointed by the Board of Supervisors to fill a vacancy February 6, 1936. I was elected by a very substantial majority to fill the remainder of the unexpired term at the following August Primary Election. In 1938 I was again returned to the office at the Primary Election by a very substantial majority.

During my six years of service in the Assessor's office San Diego City has had its most rapid period of growth and San Diego County has become the third largest County in the state.

During the year preceeding my incumbency, new buildings to the amount of \$1,072,000 assessed value was put on the rolls by four buidign appraisers. In the first four years of my incumbency (1936 to 1939) an average of \$5,513,050 of new buildings per year was put upon the rolls with the same number of appraisers. For the year now 41 an average of \$6,840,220 per year of building values were put upon the roll with five building appraisers. For the year now just closing, July 2, 1942, we will put on the rolls over 12 and three-fourth million dollars of

(Continued on Page Three)

Two Killed in Mussey Grade Car Plunge

A fourth of July vacation trip ended in death for two when the car driven by Elmer L. Jones, 41 of Indio struck the inside rock cliff on the Mussey grade below Ramona Sunday noon and ricocheted across the highway and 75 feet down the steep mountainside riding with Jones were Mrs. Mae Parker, 41, and her daughter and son, Edna, 17, and Louis, 13, and her grandson, James Parker, 18 months old.

The car landed bottom side up killing Jones instantly and injuring Mrs. Parker so badly that she died later in a San Diego hospital. The daughter Edna climbed the steep bank to the highway where she called for help.

All the occupants of the car resided in Indio.

ANAHEIM VISITORS

Rosemary and Joan Wood arrived this week for a visit at the Dr. Morton Carlile home. Thursday Dr. and Mrs. J. A. Wood, parents of the young ladies will be guests at the Carliles for ten days.

WILL DONATE PROCEEDS TO DEFENSE FUND

Old fashioned box social like Ma and Pa used to attend will be held for the community on Monday, July 13, 7:30 p.m. at Lindo Park and is sponsored by the Lakeside Chamber of Commerce. Fancy boxes decorated and packed by the ladies in ribbons and frills are to be auctioned off to the highest bidder by the auctioneer Dewey Buckles.

Offered seperately to the bidding gentleman will be the boxes of married and single ladies. It has been announced that coffee made by Joe Belch will be served free.

Entertainment for the picnic will begin with a demonstration of a mechanical man followed by community singing and dancing. The Modern Woodman orchestra of San Diego has been selected for the dance with Ronald Melville, Lakeside, at the drums.

This annual Chamber of Commerce picnic promises to be a lively affair with Otis Barker and Pherris Swearing forming the committee and Dick Wichman chosen as master of ceremonies.

Proceeds from the picnic will be used as the Chamber of Commerce donation to the Lakeside Civilian Defense Fund.

NEW CLASS IN FIRST AID ANNOUNCED

Tuesday evening, July 14, begins another series of standard First Aid classes under the capable instruction of Mrs. Hale Whitaker. Registration for this important phase of community war work has been hoped to reach a goal of thirty members. Classes meet every Tuesday and Friday evenings at 7:30 to 9:30 p. m.

Mrs. Whitaker who has been instrumental in forming the First Aid classes and is chairman of the Lakeside Red Cross Board donates her time to furthering these activities in this community. She has just completed an extensive three day course in chemical warfare studying chemical agents under Major Bryton and four officers from the Edgewood Arsenal Edgewood, Maryland.

Another special course of instruction for the use of Wasserman rescue Slings Class B and offered by invitation was taken by Mrs. Whitaker. These slings of jute webbing were designed and perfected by Drs. Walker of England, and are used to pick up and carry the wounded without changing position or further injuring them to hospitals. This contrivance eliminates much field treatment. These extra curricular subjects are included by Mrs. Whitaker in her First Aid classes.

The local Red Cross board functioning under the American Red Cross as a medium of contact for the residents of Lakeside consists of Mrs. Hale Whitaker, chairman and director of disaster relief, first aid and roll call; Mrs. Evelyn Langworthy, vice chairman, and director of production; Mrs. Adeline Curtis, Secretary; Mrs. Dick Wichman, Treasurer and Rev. Dick Wichman director of food and housing.

GOOD NEIGHBORS FROM MEXICO

In many areas of agricultural California the farm labor problem has advanced from the serious stage to the desperate.

Crops are being wasted daily. There aren't enough people on the farms to harvest the apricot, peach and prune crops right now. As the summer advances crop losses will grow, unless something is done—quickly.

Worsening the situation is failure of volunteer farm workers from the urban areas to take up the labor slack. This is due in large measure to the inability of the soft, inexperienced city man or woman to do the work of trained, conditioned farm workers.

One suggested solution that seems feasible and acceptable to many farmers is the temporary importation of sufficient Mexican farm labor to save California's crops. Normally, invitation to farm workers of another nation and another standard of living would be unwise, if not impractical. But this is a time of war—and the plan could provide for prompt return of the Mexican farm volunteers to their home localities as soon as the emergency is over, with a share of their earnings earmarked for their use in repatriation.

After all, right now, the good neighbors from south o' the border should receive a hearty welcome and "Howdy"—if they know their stuff in field and orchard.

Report Made On Farm Labor Problems

By Jean C. Miller
Ass't Farm Advisor

The San Diego County Agri-
cultural planning committee ran
headon into the major farm
problem of labor last week at
its meeting in the Farm Ad-
visor's Office. The primary
purpose of the meeting was to
thoroughly size up this problem
to learn about its ramifications
and immediate effects on San
Diego agriculture, to review the
various suggestions for the prob-
lem and to make such progress
as was found possible.

A. F. Hubbard stated the scope
of the problems most clearly, that
the farmers and farm cooperatives
were unable to hold their own
farm labor since nearby defense
industries were paying much
higher wages than farmers could
pay at the present level of farm
prices, thus resulting in the pre-
sent loss of some crops not being
harvested and in decreased plan-
tings for future crops.

A number of the approaches to
the problem were considered
among which were: Freeze labor
in its present industry and make
adjustments to it available labor
supplies to the war labor require-
ments; the payment of a govern-
ment subsidy to farm labor or
support farm prices at level at
which farmers could pay compet-
ing wages the opening of the
Mexican border for entrance of
Mexican or Chinese farm labor;
the general improvement in the
use of such farm labor as is now
available on the farms; the use
of high school boys and girls as
well as women and older men
living in rural areas.

Dr. R. L. Adams, farm manage-
ment and labor authority of the
University of California stated in
a recent survey report that
farm peak labor needs took place
during August and September.
Local surveys by the U. S. D. A.
War Board indicate a present
farm labor shortage of over 800
and a possible peak shortage of
at least 1800 during September.

The possibilities of outside
help on this general farm labor
problem are very doubtful as the
problem is nation wide and rap-
idly becoming more severe.
It appears that we must look to
ourselves for the solution. The
first step in such a program is to
make a careful survey of your
farm and eliminate all operations
not absolutely necessary. Farm
management efficiency is more
important today than ever before.
Study the farm for labor saving
methods and improvements. Cut
out the use of non-essential fer-
tilizer materials and purchase
only on a unit element basis with
no filler. Consider the elimina-
tion of operations on poor, unpro-
ductive lands and cull out the
low producing birds and animals.
Farmers may be able to pool
present labor supplies, cooperate
in transportation and equipment
problems and on many farms find
a place for a San Diego city high
school boy to room and board
and earn wage.

The successful use of high
school boys and girls on farms will
depend very much on the farmers
own ability to give such inexpe-
rienced help the necessary guid-
ance. Too much should not be ex-
pected from this type of help until
it becomes hardened by exercise
and trained by a considerate and
understanding farmer. If properly
handled and provided for through
community committees working
with Y.M.C.A. farm labor camp,
these high school boys may be the
best answer we can get for our
farm labor problem and an answer
which in no way creates a future
problem.

It is goot to hear
Americans are now puddng
10% of der pay into Bonds!

Herman,
you tell him
it iss BONDS
not BUNDS!

For VICTORY...put at least 10%
of every pay into WAR BONDS!

Gov. Olson to Dedicate Democrat S.D. Offices

Gov. Culbert Olson will dedicate
the 1942 San Diego County Demo-
cratic campaign headquarters at
Room 200 College of Commerce
building, Fourth and Broadway, in
San Diego Friday afternoon. The
public is cordially invited to at-
tend.

The dedication ceremonies of
the headquarters will be held from
3 to 5 p. m., it was announced by
Thomas Moss, committee chair-
man, who said that Democratic
candidates for the various state
offices will be present to meet
their constituents.

At 5:30, Gov. Olson will be host
to the weekly news paper editors
of San Diego County at a dinner
in the Gold Room of the U. S.
Grant Hotel.

Telephone Co. Will Continue Programs

Continued variety in musical
offerings on the Telephone Hour
heard over NBC at nine o'clock
every Monday night, was assured

TRUCK IS IN LAKESIDE EVERY FRIDAY

What You Buy With WAR BONDS

Navy Cruisers are built in two
classes, light and heavy, the latter
displacing about 10,000 tons. Our
navy has about an equal number
of light and heavy Cruisers, the
10,000 ton Cruiser costing approxi-
mately \$20,000,000. Many Cruisers
are under construction and many
more are needed.

To pay for these speedy and pow-
erful ships with their heavy guns
and armament we must buy War
Bonds. Citizens of a large town or
a given community, working in uni-
ty, could buy one of these ships for
the Navy if they put at least ten
percent of their income in War
Bonds every pay day.

FUSES

ARE AS EASY TO CHANGE AS LAMP BULBS

AND you may save yourself a long wait in the
dark by knowing how.

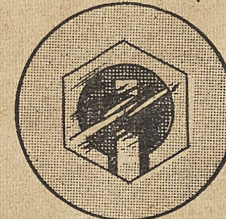

Nowadays, electricians, cooperating with Uncle
Sam to save rubber and equipment, are
accumulating calls instead of making several
trips to the same district. Guard against wait and
embarrassment by keeping extra fuses on hand.

Most fuse failures are due to defective cords and
switches, so check them carefully. If a fuse "blows"
out when you switch on an appliance, disconnect
that appliance before replacing the fuse.

Fuses are as easy to change as lamp bulbs.

Good Fuses
look like this

Blown Fuses

S. B. FRAMBO SUFFERS LOSS OF RANCH

(Continued from Page One)

ed from a accident was in a serious condition from first degree burns. Hartung backfired the fire around his place to some extent.

Pasture land at the John Wilkinson ranch was charred. The fire swept up toward the Featherstone canyon. From the last reports received here the fire is under control.

Cecil Carendar, who had taken the precaution of making a fire-break around his orange grove, lost only the fence bordering his property.

The second brush fire was reported late Wednesday afternoon on the Lakeside-Ramona highway above the San Vicente Dam, and threatened Ferndale.

Truck loads of fire fighting equipment and buses filled with fighting crews were seen passing through Lakeside in steady columns Tuesday and Wednesday. All available fire engines and men in the San Diego area were dispatched to the scene of the fires.

J. E. Leng and Frank Magee suffered the loss of their respective bee equipment from a brush fire a week ago in the Slaughterhouse canyon. Leng's loss was estimated at 18 stands from which no honey has been taken this year, an extractor, hives and bees. His outfit was located at the old Foster station where bees had been originally placed 62 years ago by Mr. Leng's uncle, Joe Foster. His plans for re-equipping are not definite.

Are you entitled to wear a "target" label button? You are if you are taxed.

"Uncle Sam Needs Your Old Paint Brushes"

New York—With the slogan, "Uncle Sam Needs Your Old Paint Brushes," a nationwide campaign for the collection of old paint-hardened brushes accumulated in cellars, attics, garages and closets of millions of homes has been inaugurated by Devco & Raynolds Company, paint and brush manufacturers. This drive, believed to be the first of its kind ever made, will be conducted through more than 10,000 dealers acting as collection agents. The company has authorized payments of 10 cents up to \$2 for old brushes which will be reclaimed at the first plant of its kind being set up by them at Louisville, Ky. Shortage of pig bristle normally imported from the Far East prompted the campaign as a step in the program of conservation of critical materials used in war production, according to E. S. Phillips, President of the com-

pany, which manufactures a third of all the paint brushes produced in this country.

Assistance of school children and civic groups is being enlisted to survey America's 30,000,000 homes with a view to bringing old brushes quickly into the used brush marts of the country. Some 60,000 contracting painters, 10,000 paint distributors, 24,000 industrial plants, and about 1,500 shipbuilding and marine supply companies will be contacted. Salvage depots will be maintained in principal centers.

Photograph shows first barrel of used brushes collected at one of the company's stores in New York. Miss Paula De Cenno of Long Island City is presenting an old paint brush for which Charles McEwen, store salesman, is about to pay real money.

Unopposed

(Continued from Page One)

new assessed building values with the same five building appraisers.

The personal property department in the year before my incumbency collected a total of \$448,000 in unsecured taxes. In 1941 my office collected \$987,393 in unsecured taxes, an increase of nearly 100 per cent. The increase in the staff of personal property appraisers was

only about 5 per cent. These and many other economies have been accomplished by careful organization, the building of an internal accord and loyalty to the County within the Office, and the cultivation of a willing cooperation on the part of the public.

During the six years of my incumbency, a system of assessment of agricultural land by a soil classification method has been completed. This method is now recognized a standard method by the several Federal agencies dealing with rural land, and by

many of the agricultural counties in California and other states. Our forms and methods were in such demand by assessing officers throughout the United States and in colleges and universities that through the cooperation of the California Taxpayers' Association, a pamphlet was written by myself and printed by the California Tax Digest for distribution.

We have devised and employed inventory methods for the Assessment of personal property such as manufacturing equipment, shop and professional equipment, and stocks of merchandise that has resulted in bringing the personal property tax base from 8 and one-half to

over 13 per cent of our total assessed value. This has been done by a process of equalization that has been especially beneficial to the small home owner who, under the old methods, was bearing more than his share of the load. These methods are now being adopted by many other taxing jurisdictions who write to this office for plans and methods devised here.

In 1940 I was elected to the Presidency of the California Assessor's Association. I am now a member of the National Association of Assessing Officers, and a member of the Executive Committee and the Standardization Committee of the California As-

sessors' Association, cooperating with the State Board of Equalization for more uniform assessments between the several counties.

If the people desire to return me to the office of Assessor for the next term, I will strive by courteous, businesslike and impartial methods to conduct the office economically, efficiently and without favor, as I have attempted to do during the last six years. As in the past, I will assess all taxable property equitably according to the laws of California.

ANNOUNCING

Change In The Management Of The Lakeside

Service Station and Cafe

Here I am again folks. . . . It just goes to show you what a few years will do . . . Ma and Pa sorta got an idea they would like to go places and see things. So I up and sez, "I'll buy the joint," and danged if they didn't sell it to me!

So I'll be selling you eandy, cigarettes, soft drinks and ice cold beer, I hope! Not to mention Economy, Sunset, and Mobile Petroleum products. Oh! sure, and plenty of good food.

CARLOS MEADOWS

Essential To Have Building Permits

A bulletin received from, Charlie H. Salyers, Chief County Building Inspector, states to the effect that building permits must be secured before construction begins. The card issued with each building permit must be posted in a conspicuous place so building permits can be checked. The valuation of building permits issued is for the structure finally completed, regardless of donations, free labor of materials.

Building permits can be obtained from the County Building Department, Room 306, Civic Center, either in person or by mail. Violation of the Ordinance carries a fine of \$50 or 30 days in the County jail.

States Record

CHESTER D. GUNN

Chester D. Gunn, in formally announcing his candidacy for reelection as coroner and public administrator, said he will base his campaign on the record which the dual office has achieved during his incumbency.

Population increase and other factors, he said, have added greatly to the responsibilities of this important county department, with the volume of business approximately doubled in the last two years.

"It has been gratifying to me that the office has met the impact of war conditions with the same high degree of efficiency and service that characterized it in normal times," he added.

The offices of coroner and public administrator were joined in 1935, and Gunn as coroner supervised the merger.

A member of a pioneer family, Gunn was born in Julian, and has resided in this county all his life. Other than his connection with civic, historical and fraternal groups, he has taken a personal interest in traffic accident prevention.

TRANSPORTATION PROBLEM GROWS

Farm to city hauling on a community basis is the latest contribution to the truck and tire conservation program. W. E. Bradbury, chairman of the San Diego County U. S. D. A. War Board, states that immediate efforts will be made to secure voluntary support of farmers and people in rural areas to a community plan for co-operative use of farm owned trucks.

"While producers of farm commodities are eligible for tire replacements, there can be no excuse today for unnecessary use of any vehicle," said Bradbury. "By pooling shipments and co-operative action now by small community groups we can eliminate much duplication of transportation between the farm and the city."

The California Railroad Commission removed a major technical barrier to the inauguration of a California U. S. D. A. War Board plan for co-operative use of farm-owned trucks when it advised the board that such an agreement among farmers for the movement of each others' products and supplies on a non-profit basis "should not be considered in violation of our highway transportation law."

Farmers have been hesitant to undertake pooling of their trucking facilities as a war-time measure because of state regulations subjecting them to special licenses and railroad commission supervision whenever they accepted compensation for the use of their trucks.

"The railroad commission's excellent understanding and cooperation removes a serious obstacle to cooperative hauling agreements among farmers who are confronted with many problems in moving their crops to market as a result of the Office Defense Transportation orders effective July 1."

"Although the O. D. T. restrictions do not apply at present to farm-owned trucks used to haul farmers' own goods, the simple fact is that those trucks and tires must be made to last through at least two more years. There just won't be any replacements for farm trucks, and it will be necessary for farmers to prolong the life of their tires and trucks to the limit. Cooperative hauling is one manner in which this may be accomplished," said Bradbury.

Interested groups or individuals should contact the U. S. D. A. War Board, Chamber of Commerce Building, San Diego, for further information.

SERVICE MEN

ENTERTAINED AT HAHANA

A group of eight Army men and the wife of one were guests on July 4th at the HaHana Ranch, home of Miss Louise and Mr. Bernard Uldrich. During the afternoon and evening the guests enjoyed themselves at swimming, folk dancing and singing. Dinner was served under the trees in the ranch garden.

Miss Uldrich and her brother were assisted by Mrs. Jessica Driver.

BAILING TIES

RESTRICTIONS ISSUED BY FIRE WARDEN

Norman J. Farrell, Forest Supervisor of the Cleveland National Forest said today that many people are planning to make trips to the mountains and National Forests throughout the summer.

In view of the importance of the forests and watersheds to the war effort and the need for great care with fire, Farrell stated that those persons intending to be on the Cleveland National Forest are requested to cooperate with the following regulations which are now in effect:

1. All National Forest land posted with closure signs within the Cleveland National Forest is CLOSED TO PUBLIC USE.

This includes the public campgrounds and cabin tract areas known as BLACK CANYON, INDIAN FLATS, an HAUSER CREEK.

2. The areas open to public use are:

a. The Laguna Mt. Recreation area, including the Burnt Rancheria and Laguna Campgrounds and the special use cabin areas.

b. Mainly travelled County roads and State Highways unless posted to the contrary.

3. Individuals wishing to enter closed Forest areas for legitimate business must first obtain a written permit from the District Ranger or his representative or from the Forest Supervisor's office. These offices are located as follows:

Forest Supervisor, Customs & Court House Bldg., San Diego.
Descanso Ranger District, U. S. Forest Service, Descanso.

No permits for entering closed areas will be issued for the purposes of hiking, camping, fishing or hunting.

4. All camp fires and picnic fires, including those built in trailers or camp stoves must be restricted to those public camps open to public use. Regular free campfire permit must first be obtained before any fires are built. These permits are issued from the above listed offices, at Automobile Club offices and at State Forest Rangers Headquarters.

5. All fires must be confined to stoves at improved camp grounds.

6. Smoking will be restricted to campgrounds, places of habitation or posted areas.

7. No night fires will be permitted.

8. The throwing of lighted material from a moving vehicle including cigarettes, cigars, pipe heels or matches is especially prohibited.

9. The placing of any ignited material in a place where it will start a fire is prohibited.

10. Debris burning is allowable only by a special written agreement issued by Forest Officers.

Farrell stated in closing that, "The public is encouraged to obtain detailed information and work out individual problems with the District Field office for the particular area in which they are interested. I feel confident that the added inconvenience which must be given our natural resources during the present emergency." He further stated that excellent cooperation to date, by conservation organizations, rural communities, individual ranchers, and travelers from the cities, in both fire prevention programs and fire preparedness stations and registrations on off training is extremely gratifying.

Porch Party Surprises

By BETTY BARCLAY

This is a "Porch Party" year. You have probably sensed it already. With gas limited and thousands of cars jacked up for the duration, time has paused in its flight and then waited back to grandmother's youth, when porch parties, lawn luncheons and plain sociable get-togethers of friends and neighbors were the order of the day. "We can't ride far, so we'll get acquainted with our neighbors" is again a popular slogan.

Make your porch luncheons so delightful that your new friends won't want to leave our modern "horse and buggy" days. Here are a few recipes for dishes that will aid you materially.

Porch Party Coffolate

1 cup strong decaffeinated coffee
2 squares unsweetened chocolate
3 tablespoons sugar
Dash of salt
3 cups milk

Make decaffeinated coffee extra-strength using 1½ tablespoons for each cup (½ pint) water. Add chocolate to coffee in top of double boiler and place over low flame, stirring until chocolate is melted and blended. Add sugar and salt, and boil 4 minutes, stirring constantly. Place over boiling water. Add milk gradually, stirring constantly; then heat. When hot, beat with rotary egg beater until frothy. Serve hot or chill and serve iced. Top with whipped cream, if desired. Serves 4. Your guests can drink second cups without worrying over sleeping problems.

Magic Fresh Fruit Refrigerator Cake

1½ cups (15 oz. can) sweetened condensed milk
¼ cup lemon juice
1 cup quartered cherries, whole raspberries or sliced strawberries
24 vanilla wafers

Blend sweetened condensed milk and lemon juice. Stir until mixture thickens. Add prepared fruit. Line narrow, oblong pan or spring form cake pan with wax paper. Cover with fruit mixture. Add layer of wafers, alternating in this way until fruit mixture is used; finishing with layer of wafers. Chill in refrigerator 6 hours or longer. To serve, turn out on small platter and carefully remove wax paper. Even beginner cooks can be sure of success because the recipe is magically failure proof.

Ice Cream Sandwich with Peaches

Use eight 1½ inch wedges of sponge cake, allowing two for each serving. Place a slice of brick vanilla ice cream on one wedge and cover with the second, turning so that the narrow end is above wide end of bottom cake wedge. Top with quick-frozen sliced peaches, just thawed, using 1 box. Serves 4. Quick-frozen peaches come to you all sliced and sweetened, so they are sugar savers. They're time savers, too, for all quick-frozen fruits and vegetables are sorted, cleaned and trimmed before quick-freezing seals in their full complement of vitamins and minerals.

Seeks Office

The qualifications of an aspirant to a position of high trust in our system of government are best judged by the candidate's past record and the type of men and women who are eager to sponsor his candidacy.

I believe I fully appreciate the importance of the responsibilities the office of Supervisor of the Fifth District carries with it.

A man must keep his balance as a Supervisor and never lose his poise, his clear thinking, or his ability to render a just decision.

He should command the respect and cooperation of the other four members of the Board; also the many men and women who are doing the detail work in County Government.

Since San Diego County is horticultural, agricultural and industrial, your Supervisor should understand and be helpful in solving the problems that confront these enterprises in the County.

With the tremendous growth in population in San Diego County, we are faced with the problem of securing an adequate water supply in the near future that will care for all agricultural, industrial and domestic demands.

We in the San Marcos section were the pioneers in organizing the first Soil and Water Conservation District in San Diego County. The value of this work has been so convincing to landowners that we have at present six districts which would include more than a half million acres. As a result of the work, other districts are being organized.

Having served twelve years as an official in City and County government, I feel my experience measures up to the requirements of San Diego County.

I own and reside on my ranch of 80 acres in Twin Oak Valley and have developed 60 acres of citrus land.

In the furtherance of agricultural and worthy civic enterprises, I have always given my aid and such talents as I possess.

Sincerely yours,

ALBERT N. CHAMNESS

Candidate for Supervisor,
Fifth District

Women's Activities: Social and Personal

Mainly About People

By Lorena Sands

Dear Eleanor;

We had a rather bad scare on Wednesday when the brush fire up near El Monte swept through the canyon and came powerfully close to your Featherstone ranch. . . . and quite a bit of burning it did too . . . I was sitting at my desk doing a bit of chit-chat over the phone gazing at the mountains which suddenly became enveloped in a cloud of billowy grey smoke. . . . See the paper for further details.

Now let's see what I can pick up in the way of a little local gossip . . . Beverly Hartley had a date with an ether cone this week for an appendectomy had her plans changed. . . . She has the mumps, too bad. . . .

And Mrs. Josie Miller has just returned to work after six weeks absence and is snowed under, as you can well imagine.

Lois Wichman is leaving this weekend for Los Angeles where young daughter Ann has been spending some days with Grandmother and Grandfather, O. R. Chadrey. . . . They will return on Monday to start off on another jaunt with Dick for Camp Mars-ton.

Lake Arrowhead beckoned to Mrs. Margaret Worthington and Sally for a week. . . . They were accompanied by Mrs. Worthington. . . .

A couple more Lakeside enthusiasts have returned to the home-land. . . . They are Dorothy and Carlos Meadows and two small children. And then Arthur and Wilma Graham (you remember Art from years back and more recently of the Lakeside Farmer) oh, yes he's married and has an offspring, Billy, and some boy too, they were out to see us on Sunday and took in the rodeo.

Shirley Newcomb who made her home at HaHana ranch and attended Lakeside school has returned to San Diego to be with her father. . . .

The Saturday holiday was spent by Mr. and Mrs. M. C. Woodward and Jimmy at Mission Beach.

Saw George Miller in Town Tuesday. . . . He is now able to take in a few of the local points of interest.

The hot spot of Winter Haven gave a rush call for James Kalstrom to return on Wednesday. Mary Beth and young Kathleen went along too. James is State Plant quarantine inspector there.

Have tried for some time to get in touch with Jere Keohler since our return but she was enjoying the sea breeze at Long Beach where Mr. and Mrs. Harry Compton, her sister and brother live. . . . She was there all week and Kath-

AUDREY MOYER BECOMES BRIDE OF CORP. CRANE

La Mesa Methodist church was the setting Monday, July 6, at 8 p. m. of the ceremony which united in marriage Miss Audrey Emiline Moyer, daughter of Mr. and Mrs. George H. Moyer of El Cajon and Corporal Lester Eugene Crane U. S. M. C., son of Mr. and Mrs. Eral H. Crane of Mt. Pleasant, Texas.

All vases and jardiniere filled with decorative arrangements of white shasta daisies, hydrangea and lavender buddieia with potted palms formed the floral back ground. The Rev. James H. Hughes officiated at the ceremony.

The bride who was given in marriage by her father wore a white faille gown trimmed with puffs of the same material made in princess style with sweet heart neck line and long sleeves. Her finger tip cut veil was halo style and she carried a bouquet of gardenias and bouvardia.

The brides attendants, gowned in pastel colors were Miss Jewel Caseboon, maid of honor, Misses Lorene Sembach, Charlotte Miller, Dorothy Jerhenson, Mrs. Joyce Stewart Whitehead, all brides maids. They were classmates of the bride at Grossmont High school, Corporal Cranes best man P. F. C. William Stager and the four ushers P. F. C. Hal Hirshon. Pvt. Ted Pawelek, Pvt. Emil DeJonghe, and Pvt. Calvin Dorsett are all of the U.S.M.C. The groom is a graduate of Marshall Junior College, Marshall Texas.

The bride and her parents are well known in Lakeside circles. They resided here for many years and were active in church and social affairs.

leen was with her.

Mission Beach on Saturday was the picnic place of the Harvey Goodmans and Charlie Kanadys. . . . Mrs. R. B. Kanaday and Byron Conrad jr. made up the group.

Mrs. Myrtle Meyer has been entertaining a guest. . . . She will play hostess for the remainder of the week.

Seems that last week a couple of M. M. were mixed up with the socials. They really are my abbreviation for Mr. and Mrs. That's just the way I write copy, but having a new linotype operator, how was he to know? . . . Hope our dear subscribers will bear with!

The William Koppels had a pleasant visit with Mr. and Mrs. Edgar Koppel and son George over the 4th holidays. It was the first time in eight years the Koppels of Hollywood had been south for a stay.

The old clock says its time to call it a day. Expecting to hear from you soon.

Love,

Lorena

DAUGHTER EVACUATED FROM PEARL HARBOR

News has just reached Mr. and Mrs. W. Scott May that their daughter, Mrs. D. C. DeForest has safely returned to the mainland from Pearl Harbor. She and Mr. DeForest who is a warrant gunner in the Navy were living a mere twenty five feet from the beach during the hostile activities of the war. From word received neither of them suffered any serious harm.

Mr. DeForest was head of the Mines school on the islands before the outbreak of the war, and is now in active service, his whereabouts unknown. He is a cousin to Mrs. Schiller of Lakeside.

Having arrived in San Francisco Mrs. DeForest temporarily plans to visit the DeForest, Seniors, in Seattle, Washington, before journeying south to be with her family.

SERVICE MAN AT NEW STATION

In a letter to his family Private First Class Leland Barker wrote that he is now stationed at Fort Station, Texas, and perfectly swell country to, he says. Leland is a pharmacy technician in the Medical Detachment under the Air Force Training.

PICNIC IN SAN DIEGO

Celebrating the Independence holidays, Dr. and Mrs. Morton Carlile with Bobby and Mary were guests at a family picnic on July 5 at the San Diego home of Mrs. Helen Joldersma, sister of Dr. Carlile.

ANNUAL PICNIC OF FLEET RESERVE

Branch 47 of the Fleet Reserve held its annual picnic recently at the D. R. Fradenburg ranch south of Santee. In attendance were over two hundred people enjoying races, games and a costume parade for which prizes were given. One hundred soldiers stationed in the vicinity were invited to share in the evenings activities.

Lakeside members of the organization who were present included Mr. and Mrs. Ant Johnson, Mr. and Mrs. A. B. Pomel and Mr. and Mrs. Carl E. Howell.

LOS ANGELES GUESTS AT E. H. CHAMBERS

Over a recent weekend Mrs. Emma Richwine and daughter Eileen were visitors at the home of Mr. and Mrs. E. H. Chambers of River View Farms. Mrs. Richwine is a cousin of the hostess.

VISITORS AT G. W. CONRADS

During the day on Sunday the G. W. Conrads were hosts to many friends and relatives who dropped in to inquire of Mrs. Conrad's health. The visitors included Mr. and Mrs. Arthur Graham and son of Mission Beach, Mr. and Mrs. Clyde Brown, Miss Shirley Brown of Whittier, Mr. and Mrs. G. R. Williamson and daughter Nadine of San Diego.

NEW OWNERS FOR STRANGE RANCH

Transfer of property of the Strange ranch in Lakeside Farms to Mr. and Mrs. Peter O'Hara is being handled through the office of L. C. Scott. This five acre tract was sold by the Stranges to T. T. Bowyer.

Mr. and Mrs. O'Hare are living in Coronado and plan to move to their new ranch as soon as the sale is out of escrow.

ATTEND COLLEGE

International relations, a course offered at Whittier College with special emphasis on Pan-American Relations, is being attended by Mrs. Maude Conant and Muriel Miller, teachers at the Lakeside Grammar school. Several internationally known speakers will lecture the course.

Victory Begins Here

What's Up to the U. S. is Up to Us

This war belongs to all of us—to fight, to finance, to finish! As the President has said: "We are all in it—all the way. Every man, woman, and child is a partner in the most tremendous undertaking of our American history." Your part is clear—to put every dime and dollar you can possibly spare into uniform—to buy U. S. Savings Bonds and Stamps regularly—so that our boys will have the guns and planes and tanks they need to put the enemy on the run. Take part of your change in U. S. Savings Stamps every time you shop—your 25-cent Stamp may buy the machine bullet that sends an enemy bomber crashing in flames. Turn Stamps into Bonds as fast as you can, that is the American way—the volunteer way—to preserve our freedom and safeguard your home, your family, and your future. Remember that you can start buying U. S. Savings Bonds for as low as \$18.75 (for the \$25.00 Bond) and Savings Stamps for as little as 10 cents.

THIS SIGN means "Defense Stamps sold here." There's one on each of our cash registers.
